A Collection of Tips for Enjoying the Best Beach Vacation

Ready to head to the beach? Trans-Bridge Tours offers numerous beach vacations from Ocean City, New Jersey to Ocean City, Maryland. Here are a few tips that can help you have the best time possible at the shore.

- Buy your beach chairs and umbrellas on the mainland instead of waiting to get to the beach. At a discount store you'll find that backpack chairs are about \$25 instead of \$50 on the boardwalk.
- Spend too much time in the sun? Check out beach town shops and museums. The best time is from 1-3 p.m., when everyone else is at the beach.

- Having problems with mosquitoes? Put a bounce dryer towel on you belt loop, cleaner and less icky than sprays. Plus it works! This is great for children.

- Homemade bug spray. Mix Orange Listerine and water together in a spray bottle, spray on to keep green-head flies away.

- Water temperature tip: Wind from the ocean helps keep the water warm. Wind from the land usually results in a drop in water temperature.

- Follow the breeze: Children lost on the beach tend to wander downwind.

- Don't waste sunscreen. Instead of slathering big globs of the stuff on your children, cover them with dots of the stuff straight from the bottle, then rub the sunscreen in.

- Another sunscreen saver: Dressing your children in a rash-guard shirt means less skin that needs sunblock.

- Cover it all: When applying sunscreen, don't forget the lips.
